

Shamokin Secondary
Course Overview

Course: Life Management

Teacher: Certified Family & Consumer Sciences Teacher

Course Introduction:

Skills: Observation, critical thinking, cooperative learning, hands-on application, teamwork, performance, responsibility and respect.

Purpose: Preparing students with the necessary skills to live independently while learning to set career goals and identifying personal values that will guide them in life.

Description: Students will learn how to survive after leaving home with units on budgeting, banking, careers, values, goals and advertisements, meal planning, food preparation, housing, clothing and textiles and organization of space.

Course Text or Student Materials:

- Teacher created study guides, outlines, and packets for each unit of study
- Online resources - Google - laptops
- “The Life Times” Budgeting Program
- Teacher created rubrics and assessments for each unit of study
- Life Management dvds:
 - Rudy - Goal Setting
 - Table Manners & Etiquette

Units of Study:

Values Unit

Big Idea(s): Families are the fundamental unit of society; strong families empower individuals to manage the challenges of living and working in a diverse, global society. Our parents, peers, teachers, families and the social environment around us are the determining factors through which values are formed. Values are gradually formed through what we are taught and childhood experiences. Human values are instilled at an early age and acquired through the social environment.

Student Objectives:

- Describe people’s personalities.
- Listen to others, contribute to class discussions and participate in small and large group discussions and presentations.
- Understand the different forms of relationships.
- Understand the importance of values and goals in decision making.
- Understand goal setting.
- Understand the effectiveness of teamwork and collaboration.

Standards/Anchors:

11.2.9.A

Solve dilemmas using a practical reasoning approach

- Identify situation
- Identify reliable information
- List choices and examine the consequences of each
- Develop a plan of action
- Draw conclusions
- Reflect on decisions

11.2.9.C

Assess the effectiveness of the use of teamwork and leadership skills in accomplishing the work of the family

		<p>11.2.9.H Justify the significance of interpersonal communication skills in the practical reasoning method of decision making.</p> <p>11.2.12.A Justify solutions developed by using practical reasoning skills.</p> <p>11.2.12.H Evaluate the effectiveness of using interpersonal communication skills to resolve conflict.</p>

Instructional Plan:

A typical class will begin with the completion of the Bell Ringer, and then a review of the classwork that was covered in previous class periods. The majority of each class period will be devoted to either lecture, group or independent work, and/or laboratory and computer activities. The instructor will be utilizing a variety of instructional resources to reinforce and differentiate the instruction for the varying levels of students in the class.

Students will be guided through problem-solving strategies for each unit and will then spend the majority of the unit working either independently or in small groups on various lab activities, computer simulations, and reinforcement exercises.

Students will be assessed regularly through quizzes and exams, in addition to regular, in-formal observation by the classroom teacher. A comprehensive final exam will be administered upon completion of the course.

Student Assistance:

Teacher will be available for additional tutoring or instruction before/and or after school, as well as during class time and study hall. Students may utilize teacher websites as well as Google Classroom for accessing resources. In addition, supplemental reinforcement exercises may be assigned at the discretion of the instructor.

<p>Assessments and Evaluation:</p> <p>Formal and Informal Assessments:</p> <ul style="list-style-type: none"> • Quizzes • Unit tests • Laboratory/computer activities • Checking for understanding 	<p>Grading:</p> <p>Numerical percentages will be calculated by using a point system.</p> <p>Progress reports will be issued twice each marking period.</p> <p>Report cards will be issued quarterly.</p>	<p>Homework/Procedures:</p> <p>Homework will be assigned on an as needed basis.</p> <p>Students will be able to seek help either before or after school if necessary to complete the homework.</p>
---	---	---

<p>Student and Parent Communication:</p> <p>A course syllabus will be reviewed at the beginning of the course. Teachers will make a minimum of three parent communications each week. Grades will be issued every three weeks via progress reports, and quarterly via report cards.</p>
--

<p style="text-align: center;"><u>Student Expectations and Classroom Rules of Conduct</u></p> <p>Students will appropriately participate and follow all policies as outlined in the Shamokin Student Handbook, which contains procedures regarding absences, classroom behavior, make-up of work, academic integrity and all other student conduct guidelines.</p>
